For Those Who Venture Beyond Mobile Coverage

Only ZOLEO works with your phone or tablet to provide seamless global messaging that follows you beyond mobile coverage, and back again. It also includes added safety features you can count on world-wide.

What makes ZOLEO unique is that it transmits messages over **satellite, cellular and Wi-Fi**, so you can count on your connection wherever you go. Never miss a message again!

ZOLEO Enables the Connections That Matter

Being off-the-grid doesn't have to mean being out of touch – or leaving your sense of security behind.

What can ZOLEO do?

Global 2-way messaging
(text, email, app-to-app)

SOS alerting with 24/7 monitoring from GEOS™

Get weather forecasts from DarkSky™

Check in to let others know you're OK

Share your GPS location

Make it easy for contacts to **reach you anywhere**

Connects via
Bluetooth LE

ZOLEO, for Wherever You Go

When you're beyond mobile coverage...

The ZOLEO satellite communicator connects with our free app, on your phone or tablet, so you can send and receive messages anywhere on the planet via the Iridium satellite network*.

** When there's no cellular or Wi-Fi coverage, ZOLEO transmits messages over the Iridium satellite network. Iridium provides coverage over every inch of the planet – including landmasses, oceans and airways.*

When you're within mobile coverage...

Uniquely, the ZOLEO App seamlessly delivers messages over cellular and Wi-Fi. You'll get the message, even if your ZOLEO satellite communicator is turned off, or being used by a friend!

Global Messaging, as It Was Meant to Be

Use ZOLEO to enjoy a truly seamless global messaging experience from your phone or tablet, at a price you can afford.

- **Extends your messaging coverage** seamlessly by transmitting over satellite, cellular and Wi-Fi
- Offers a **familiar messaging experience**
- Makes it easy for contacts to reach you via your **dedicated ZOLEO SMS number and email address**
- Priced to ensure you **enjoy more value for your dollar** versus other Iridium-based communicators

Safety Features for Peace-of-Mind

Wherever you go, you'll have access to SOS alerting, check-in and weather forecasts. That's added peace-of-mind for you, and for everyone waiting at home.

How does SOS work?

Your SOS alert and GPS coordinates will be sent to GEOS, our professional 24/7 emergency monitoring partner. GEOS will respond to your emergency and dispatch help to your location. Plus you'll be able to use our free app to exchange messages throughout! And if your situation changes, you can cancel the SOS via the ZOLEO device or app.

Getting to Know ZOLEO

Compact and durable, ZOLEO has a long-lasting battery and superior water-resistance. You can count on it wherever you go.

**SOS and check-in work directly from the device, or via the ZOLEO App.*
