

Certified Refurbished GSP-1700 Mobile Satellite Phone

KEY FEATURES

- Powered by 100% satellite technology – works where cell phones don't
- Lowest hardware pricing with industry leading airtime plans
- Crystal-clear voice quality
- Fastest MSS data speeds to send and receive email (data kit required)
- Long-life Lithium-ion battery providing 4 hours of talk time or 36 hours standby
- Canadian-based phone number
- Direct dialing of 911 services
- Smallest, lightest handset

Companies can affordably and productively manage their business directly from remote worksites instead of spending costly travel time to reach areas that are covered by cellular service. Call suppliers and business partners to arrange shipments and provide updates from the field or use the Globalstar Data Kit (sold separately) to send key information via email or Internet to the head office.

PHONE

- Compact and light weight weighing only 7 oz., the GSP-1700 packs easy for traveling
- Optimized for outside daytime viewing: Backlit color display with 4-line 12-character LCD
- Illuminated keypad: Easy to see keypad when lighting is inadequate
- Available in multiple colors: Choose from Copper, Silver and Red

BENEFITS

- CDMA technology for optimal voice clarity
- Airtime options tailored to your calling needs, including monthly or annual plans for seasonal users
- Global roaming: Use the GSP-1700 in 120 countries worldwide
- Integrates with optional TRANSKIT-1700 Portable Docking Kit or GIK-1700 Install Kit

CALLING

- Simple emergency calling
- Automatic international roaming
- Easy access to incoming SMS and voicemail, with user configurable "new message" alert
- Standard 2.5 mm jack for connection to a noise-cancelling headset, vehicle/marine kit handset
- User configurable ringtones (8)

DATA NETWORK AND SERVICES

- USB data cable (sold separately)
- Supports direct TCP/IP and asynchronous data communications
- Easy #777 direct Internet & email access from any of Globalstar's international gateways

ACCESSORIES

GIK-1700 INSTALL KIT
Install your GSP-1700 in virtually any land based vehicle or vessel. Choose from three antenna options and three variable cable lengths up to 86 feet.

GLOBALSTAR 9600™
By connecting the GDK-GS9600 to an active Globalstar GSP-1700 (or GSP-2900 phone), customers can use their existing Wi-Fi enabled devices such as smartphones, tablets and laptops to send and receive emails.

HARD SHELL CASE
Protect your GSP-1700 and accessories with a watertight, crush-proof, and dust-proof case.

TRANSKIT-1700 TRANSPORTABLE CAR KIT
Provides in-vehicle and in-vessel operation of the Globalstar GSP-1700 mobile satellite phone - with the added bonus of being able to take the entire kit with you when you exit your vehicle or vessel.

GVC-1700 VEHICLE/MARINE CHARGER
Allows for operation of the GSP-1700 satellite phone while charging the battery. Fits standard automotive power sockets. Includes high-grade 6-foot coil cord.

GAC-1700 AUXILIARY BATTERY CHARGER
Use it to externally charge a battery for the Globalstar GSP-1700, and provide power to the phone directly. Requires use of the Globalstar GVC-1700 vehicle charger (sold separately) or GWC-1700 Wall Charger.

GPB-1700 LITHIUM-ION BATTERY
Delivers ample power to the GSP-1700 satellite phone. Provides 4 hours talk time, 36 hours standby time. High-capacity Lithium-ion technology with integrated circuitry protects against short circuits and overcharging.

RUGGEDIZED LEATHER CASE
Helps protect your GSP-1700 satellite phone in the roughest of conditions. Phone will ring and can be answered while still in the case. Includes belt clip.
